Q. No.	Question	Marks
1.	What is a profession? What is professional ethics and how it is relevant in the present context?	05
2.	What is value? Discuss in detail five core human values.	05
3.	Discuss Service Learning and explain its relevance in learning process with suitable examples.	04
4.	Read the case study given below and answer the following questions: A woman died recently, after a short, unhappy life. She wanted her ashes to be scattered in the ocean near a place she lived during one of the brief happy times of her adult life. Her parents and immediate family had already passed away, so she discussed her wishes with her mother-in-law, who said she would comply with her daughter-in-law's wishes. In her will, the woman gave control of her estate to the mother-in-law. The will stated that the woman's ashes should be scattered in the ocean, as described above. Instead, her mother-in-law buried the ashes in a family plot near her home, because she wanted to keep the ashes close to her because of her own grief. a) What are the issues of integrity, ethics and law posed in the case study? b) What option does the mother-in-law have and what should she do and why?	06
